A BEAUTIFUL HEAD OF RICH GLOSSY HAIR, Completely Preserved to the Greatest Age.

A ND who that is gray would not have it restored to former color; or bald, but would have the growth restored; or troubled with dandrul and tiching, but would have it removed; or troubled with scrutula, scald head, or other carpitons, but would be cured; or with sick head-ache, (neuralgia,) but would be cured. It will also remove all pimples from the face and skin. Frod. Wood's Hair Restorative will do all this—see circular and the following:

will also remove all pimples from the face and skin. Frof. Wood's Hair Restorative will do all this—see circular and the following:

ANN ARROR, Nov. 5, 1856.

Dran Sin: I have heard much said of the wonderful effects of your Hair Jostorative, but, having been so often cheated by quackery and quack nostrums, hair dyes, &c., I was disposed to place your Restorative in the same category with the thousand and one locally-trumpted quack remedies, antil I met you in Lawrence county some mouths, since, when you gave the such assurance as induced the trial of your Restorative in my family—first, by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles her hair was restored nearly to its original beautiful brown color, and had thickened and become beautiful and glessy upon, and entirely over the head; she continues to use it, not simply because of its beautifying effects upon the hair, but because of its healthful influence upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore, my skepticism and doubts in reference to its character and value are entirely removed; and I can, and do most cordially and contilentally, recommend its use by all who would have their hair restored from white or gray (by reason of sickness or age) to original color and beauty, and by all young persons who would have their hair beautiful and glossy.

Very truly and gratefully yours,

Friend Wood: It was a long time after I saw you at Blisafield before I got the bottle of Restorative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mrs. Mann's hart, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having witnessed its effects, are now using and recommending its use to others as entitled to the highest consideration you claim for it.

Again, very respectfully and truly, yours.

SOLOMON MANN.

These proposals must be endorseed 'Progeousle for Naval Supplies, Bureau of Construction, &c.," that they may be distinguished from other business letters. The materials and articles embraced in the classes named are particularly described in printed schedules, any of which will be furnished to such as desire to offer, on application to the commandant of the especitive yards, or to the navy agent nearest thereto, and those of all the yards upon application to the footness with the lart mished as are actually required for business thereto, and those of all the yards upon application to the commandant of the formation of each station will have a copy of the schedules of the other yards, for examination only, from which it may be judged whether is will be destrable to make application for them.

Others must be made for the whole of a classe at any yard upon one of the printed schedules, or in articl conformity therewish, or they will be considered.

The contract will be awarded to the lowest bono fide bidder whapive proper security for its tightiment. The United States receives the right to reject all the bids for any class; if decimed exorbitant.

All articles must be of the very best quality, to be delivered in good order, and it in studie vessels and package, as the case may be at the expense and risk of the contractor, and in all respects subject to the inspection, measurement, count, weight, &c., of the yard when received, and to the cuttier attraction of the commandant thereof. Bidders are referred to the sommandant of the expensive yards for samples, instructions, or particular description of the articles; and all other things being equal, preference will be given to stricles of American manufacture.

Every offer, as required by the law of 10th August, 1846, may be accompanied by a written gu

can manufacture.

Every offer, as required by the law of 10th August, 1846, must be accompanied by a written guarantee, the form of which is herewing given.

Those only whose offers may be accepted will be notified, and the contract will be forwarded as soon thereafter as practicable, what they will be required to execute within ten days after its recept at the post office or navy agency named by them.

Sureties in the full amount will be required to sign the contract, and their responsibility certified to by a United States district judge, United States district atterney, collector, or navy agend. As additional security, twenty per centum will be withheld from the amount of the bill until the contract shall have been completed, and cightly per centum of each bill, approved in triplicate by the commandants of the respective varies, will be paid by the navy-agent at the points of disvery within thirty days after its presentation to him.

It is slipulated in the contract that, if default be made by the parties of the first part in delivering all or any of the articles mentioned in any class bid for in the contract, of the quality and at the time and places above provided, then, and in that case, the contractors and his sureties will forfeit and pay to the United States as aim or mosey as exceeding twice the amount of zuch class, which may be recovered from time to time, according to the act of Congress in that case provided, approved March 3, 1843.

Classes Nos. 1, 2, 4, 6, 7 to be delivered one fourth part on or before the 15th May, one-fourth part on or before the 20th July, one-fourth part by the 20th September, and the remainder on or before the 15th May, one-fourth part on or before the 15th December, 1849 Classes 3 and 9, the whole by the 16th May, 1889.
